We will be selling two large doll collections at auction on Saturday, September 13th. The first is a large Madame Alexander collection from Blue Springs, MO (portions of which have been exhibited at the Truman Library in Independence) consisting of approximately 1,500 Madame Alexander dolls and accessories. Mrs. Dennis bought all her Madames brand new starting back in the 1960's! The second is a large collection of Madame Alexander, Shirley Temple, Terri Lee, Barbies, Blythe and paper dolls from Olathe, KS. The strength of Mrs. Williams' collection is her early Barbies and paper dolls. We will start with a catalogued session of Madame Alexander dolls, followed by an uncatalogued session of everything else. We have a lot of dolls to sell in just one day, so we expect the auction to last until about 5PM. Please call with any questions.

We want to welcome back everyone who attended our doll auctions in April for another fantastic doll auction. This auction will not be broadcast online, so please make plans to attend in person.
